

# DELHI CAPITAL BADMINTON ASSOCIATION

DCBA/Circular/2024/07

Dated: 25<sup>th</sup>/June/2024

## CIRCULAR

### **Aadhaar Card History Update Verification for State Tournaments**

**Dear Players,**

The Badminton Association of India (BAI) has recently mandated Aadhaar card history update verification for all participants in BAI Junior Tournaments, effective from 11<sup>th</sup> June, 2024 (Circular BAI/GEN/BAI ID/075/2024).

Following this directive, the Delhi Capital Badminton Association is now implementing Aadhaar card history update verification for all players participating in State Tournaments, effective immediately. This measure is essential to ensure fairness and uphold the integrity of our competitions.

In case of any protest against a player, immediate Aadhaar card history update verification will be conducted. Therefore, it is mandatory for all players to be prepared for random checks and to have their Aadhaar cards readily available during tournaments. Additionally, players must ensure that their Aadhaar card is linked to an active mobile number capable of receiving OTPs for verification purposes.

Please be informed that a fee of Rs. 3,000/- will be charged by the Delhi Capital Badminton Association for protests and immediate Aadhaar card history update verification conducted at tournament venues.

It is imperative that every player cooperates fully with the verification process. Failure to provide Aadhaar card details or OTP upon request will result in immediate withdrawal from the tournament.

We appreciate your cooperation in maintaining the integrity of our tournaments. Please ensure preparedness for the verification process to avoid any inconvenience.

Thank you for your attention to this matter.

**Best regards,**

**Justice Pankaj Naqvi (Retd.)**
